## NDO / 25

Lance mod. LMP / 75

Spiral hose RILSAN mt 7,5

Wheels diam. 125 mm

Capacity	Lt. 25
Pressure	8 Bar
Weight	Kg. 15
Dimensions	cm 37x30x80 h
Quantity per pallet	16

Professional equipment for the nebulization of detergents, disinfectants, lubricating oils and any other substance in liquid form.

Equipped with trolley for easy handling, the “professional” series nebulizers are characterized by an excellent quality-price ratio.

The range is complete to meet any need and starts from a 14-liter model up to the 150-liter model.

The thicknesses of the tanks are increased to ensure greater safety and a longer life for the equipment.

The external painting is made using polyester powders for better resistance to chemical and atmospheric agents.

The range of “professional” nebulizers is supplied as standard with the metal lance mod. PA art. LMP / 75 . The tube supplied is spiral and is made of RILSAN.

The management of this range of nebulizers is very flexible, therefore it is possible to equip the equipment with any model of lances and tubes available in the catalog.

Furthermore, for certain quantities, it is possible to customize the product, for example by requesting a painting with a color of your choice (RAL colors).

All equipment is certified and CE marked according to the 2014/68 / EU “PED” directive.
